HONOR SOCIETIES, CLUBS, AND SERVICE ORGANIZATIONS

The William E. Reid Student Chapter of the National Organization for the Professional Advancement of Black Chemists and Chemical Engineers (NOBCCHE) introduces students to the chemical professional environment in business, industry, government, and academia with special emphasis on the role of the minority chemist.

The student Affiliate Chapter of the American Chemical Society (ACS/SA) serves the dual role as departmental club and the avenue of participation to the chemical community. Chemistry majors and minors may become members of the ACS/SA upon recommendations of a member of the ACS.

BACHELOR OF SCIENCE IN CHEMISTRY
DEGREE PROGRAM REQUIREMENTS

A. Traditional Option

Core Curriculum ...............................................................................................................42 SCH

Departmental Requirements ...........................................................................................6 SCH
Foreign Language Elective (one language) ........................................................................6 SCH

Major Requirements ....................................................................................................48 SCH
CHEM 1032, 1033, 1042, 1043, 2012, 2112, 2032, 2033, 2042, 2043, 3422, 3413, 3423, 3432, 4001, 4033, 4051, 4052, 4053, 4061, 4063

Students majoring in Chemistry must earn a minimum grade of “C” in all classes taken in their major disciplines

Support Area and Minor Requirements ........................................................................37 SCH
BIOL 1015 ........................................................................................................................5 SCH
MATH 1124, 2024, 2034, …..........................................................................................12 SCH
PHYS 2511, 2521, (PHYS 2013 and 2023 must be taken in the core) .........................2 SCH
Minor Requirements minimum of ................................................................................18 SCH

Students may select the minor of their choice. They must satisfy the catalog requirements for the selected minor.

TOTAL DEGREE REQUIREMENTS ............................................................................133 SCH

Requirements for chemistry as a Minor ....................................................................24 SCH
Students who select chemistry as a minor must complete twenty four semester credit hours from the following courses with a minimum grade of “C”: CHEM 1032, 1033, 1042, 1043, 2012, 2112, 2032, 2033, 2042, 2043, 3413, 3423, 4033, and 4042.
