

Any student applying for transfer of courses from another baccalaureate nursing program must fulfill all requirements for admission to the University and the College of Nursing. Only nursing courses from a nationally accredited baccalaureate program may be considered for possible transfer credit. Pass/Fail courses are not accepted. Program placement is determined on an individual basis by the College of Nursing.

#### **Academic Progression (Clinical Studies Upper Division)**

To remain in good academic standing in clinical studies, a minimum grade of “C” must be achieved in all nursing studies courses. A minimum 2.00 cumulative grade-point-average must be maintained for good standing in the nursing program. The grading scale for clinical studies is as follows:

- A 90-100
- B 81-89
- C 75-80
- D 65-74 (not passing)
- F 64 and below (not passing)

Satisfactory performance on a written medication proficiency examination given every semester (including summer sessions) must be achieved for eligibility for enrollment in clinical courses. Also, students must perform satisfactorily on semester standardized nursing achievement tests.

#### **Good Academic Standing (Clinical Studies Upper Division)**

1. Achieve a grade of “C” (minimum 75%) in all nursing courses
2. Achieve satisfactory performance on semester medication proficiency examination with a minimum score of ninety-four per cent (94%)
3. Achieve satisfactory performance on standardized tests
4. Demonstrate professional and academic integrity

#### **Withdrawal Policy for Clinical Studies (Upper Division)**

Students are allowed only **two** (2) withdrawals (W) from required nursing courses. For example, a withdrawal from one course twice constitutes **two** (2) withdrawals; or a withdrawal from two different courses constitutes **two** (2) withdrawals. Withdrawal from a course that is a companion to a co-requisite course will constitute **one** withdrawal if the grade is passing in one of the co-requisite courses. A third withdrawal from any one or more required courses will result in **dismissal** from the nursing program.

A student who withdraws voluntarily from clinical studies may be considered for readmission to the College of Nursing on an individual basis and pending space availability in the nursing program.
