Standard Interview Questions Matrix

Interviewer's Name: _____ Tel#: _____ Date: _____

INSTRUCTIONS

Hiring supervisors must develop Job-Specific Interview questions for each job category for which it seeks to hire personnel. This form is the **standard format** for developing interview questions; please note that the same questions must be asked of each applicant selected for interview.

- **Before you begin your interviews:** Record questions in this form and the anticipated answer(s). You may have as many questions as you deem necessary using simple rather than compound questions. The boxes provided below may be extended using the copy & past commands to create more and/or to delete any excess boxes.
- **During the interview:** Search Committee members are instructed to: Note each of the Interviewee's responses to the STANDARD INTERVIEW QUESTION MATRIX; and, to make this written information part of the hiring package that will be submitted, for compliance review and approval, to the Office of Equal Employment Opportunity.
- **After the interview** is conducted, then you may go back and score each question and calculate the overall score. Document the overall interview score for each candidate on the STANDARDIZED HIRING EVALUATION MATRIX.
