Subject: Permission to post your BOE Report on NCATE Website

Dear Dean Yates,

Each semester NCATE highlights strong BOE Reports on its website and in its training of BOE members. We find that the BOE Report written for your institution was very good; we would like your permission to post it on the NCATE website as an exemplar. We think that sharing strong BOE Reports such as yours will help other BOE members prepare their reports in a similar manner. Please let me know if we can use your BOE Report in this way. If you would like your report posted but would rather not have your institution identified, we could sanitize the report so that the identity of your institution would not be revealed. Please do not feel obligated to do this if you would rather not have your report posted.

Thank you for your consideration.

Antoinette
