NOEL BIO- SKETCH

Elizabeth N. Noel, Ph.D. is Associate Vice President for Research and Professor, Human Sciences, Prairie View A&M University. Dr. Noel has disciplinary specializations in Family and Child Development, Family Economics and Family and Consumer Sciences Education. In her current assignment, Dr. Noel is responsible for guiding and supporting programmatic activities that help ensure infrastructure enhancement and development of research and sponsored programs institutional wide. She works cooperatively with the Vice President for Research and Development to help achieve the comprehensive mission and goals of the unit. Prior to joining the Office of Research and Development in September 2004, she completed ten years of service to the University as Dean, College of Agriculture and Human Sciences. Dr. Noel has had over twenty-seven years of continuous service to her alma mater through engagement in teaching, research and service programs.

Dr. Noel, a 1968 graduate of Milano High School in Milano, Texas, received the B. S. degree (1971) in Home Economics Education with a minor in Social Work and the M.Ed. in Home Economics (1974) with supporting coursework in Early Childhood Education, Special Education and Counseling from Prairie View A&M University. She received the Ph.D. in Home Economics with a major in Family and Child Development from Kansas State University in 1983.

During her tenure at Prairie View A&M University she has provided leadership and worked collaboratively with the planning, implementation and evaluation of programs in the food, agricultural and natural resource sciences through the Department of Agriculture, Nutrition and Human Ecology, the Cooperative Agricultural Research Center, including the International Goat Research Center, the Cooperative Extension Program, and the Institute for International Agribusiness Studies. She maintains her faculty status and provides specific support for the land grant functions of the College of Agriculture and Human Sciences as requested.

Dr. Noel has made numerous contributions through professional practice as she has engaged in teaching at the pre-school, secondary, undergraduate and graduate levels; conducted seminars and workshops within her disciplinary fields; and made presentations at conferences at the local, state, national, and international levels. She has also been instrumental in the acquisition of external funds to support teaching, research and service programs at the University. It is through utilization of her expertise in mentoring, team building, strategic planning, and assessment/evaluation of programs that she will continue to contribute to the community of scholars that plan, implement, and disseminate scholarship through research.

Dr. Noel is the proud mother of one daughter, Rosena. Rosena and her husband James are the parents of her grandsons, Cole and Alex.
