By [UCAID policy](#), SEGP participants will have no relationship to Internet2 and will not pay any fee to UCAID. However, participants will be charged a connection fee by the SEGP Connector they choose, and they must pay a portion of UCAID's \$94,000 annual SEGP fee. Additionally participants are expected to be engaged in activities that make use of advanced network services and to document their commitment to deploying advanced networking capabilities.

Any institution that is already a member of Internet2 cannot claim SEGP status and cease to pay Internet2 membership and participation fees to UCAID. Similarly, institutions classified as Carnegie Doctoral/Research-Extensive must maintain Internet2 membership and pay all associated membership and participation fees to UCAID in order to be connected to Abilene.
