Prairie View A&M University is scheduled for its SACS reaffirmation in 2010. The Commission on Colleges of the Southern Association of Colleges and Schools (SACS) is the regional body for the accreditation of degree-granting higher education institutions in the Southern states. The Commission's mission is the enhancement of educational quality throughout the region and it strives to improve the effectiveness of institutions by ensuring that institutions meet standards established by the higher education community that address the needs of society and students. **Currently, Prairie View A&M University is fully accredited by the Commission on Colleges, Southern Association of Colleges and Schools.**

A major part of the reaffirmation process is the development of a QEP. In order to encourage broad-based involvement of institutional constituencies in the identification, planning, initiation, implementation, and assessment of the QEP, input is needed on multiple levels. To continue this process at a deeper level, you are asked to participate in this meeting.

**Donald R. Collins, Ph.D.**
