

## **PVAMU VITA Program Helps Taxpayers Recover \$2 Million**

Drs. [William Vetter](#) and [Brian Lee](#) coordinated the Volunteer Income Tax Assistance (VITA) program again this year along with more than ten College of Business Students. PVAMU students and faculty prepared more than 250 tax returns on the campus, throughout Waller County and in the Korean Community in southwest Houston. Since its modest beginnings in 2003, PVAMU VITA program volunteers have helped individuals and families recover more than \$2 million dollars in taxes. Volunteers serve clients in English, Spanish and Korean.
