

Since the authorization of a Division of Graduate Studies in 1937, Prairie View A&M University has sustained its dedication to excellence in teaching, research, and service through commitment to advanced educational offerings which include multiple masters, doctoral, and certification programs. Opportunities for advanced study are provided for qualified students seeking graduate education and/or degrees. Comprehensive programs are offered under the joint supervision of the Graduate School and the various colleges and schools. A strong partnership has been developed to assist students in realizing their educational goals.

The Graduate School is the primary source of information about study for an advanced degree. Similarly, the Graduate Catalog is the official sourcebook to graduate programs at the University. General inquiries about graduate study should be directed to the Graduate School. Specific questions regarding a major program should be directed to the college or school offering the program. Graduate students are held fully responsible for understanding and adhering to all policies and procedures established by the Graduate School and the colleges and schools in which programs of study will be undertaken. Programs, regulations, and course offerings listed herein are subject to modification and/or deletion at any time by action of appropriate University authorities.
