Map & Directions

Cy-Fair Library is located on the Cy-Fair College campus. From 290 take the Barker Cypress Exit traveling west. At the stop sign, make a left turn traveling south. Travel to the intersection of West Road. Make a right turn and follow the signage to the campus. The library is in building C with the Learning Commons on the far west side of the campus nearest the Cy-Fair Volunteer Fire Department Station. Enter the door facing the parking lot.

About the Cy-Fair College Branch

The [partnership](#) between Harris County Public Library (HCPL) and [Cy-Fair College](#) (CFC) offers the Cy-Fair community a unique blending of services to enhance their learning opportunities. In its original design, CFC had merged the college library and its learning support services in an effort to more effectively serve the needs of the students. Entering into an agreement with HCPL presented both institutions the opportunity to take this original design to another level. HCPL and CFC staffs worked closely together to maintain the integrity of the blended services from the original design while merging the full services of the county public library.

The goal of the teams was to have both a service model and physical design model that offered the highest level of services to the general public and the students. It is important that when customers and students use the facility the services they receive meet all of their learning or information needs. The work of the design and operations planning teams has resulted in meeting this goal. Both students and customers will be served by a well-trained and integrated staff that will provide quality service to meet the diverse needs of our community.

281-290-3400.
