Emergency Blue Light Phones

The Blue Light Phone boxes located throughout the campus may be identified by the square blue light phone. In order to operate, just open the box and press the red button located inside the box. By pressing the red button, your call is immediately connected with the DPS Dispatcher's Office on campus. In the event that an attacker pulls you from the phone, the system is designed to tell the dispatcher where you are located (i.e., the phone from which you called). Immediately, an officer will be dispatched your location.
